## LoveMe Eau de Parfum

**TOUS** is celebrating and it shows!  
**LoveMe** is their new fragrance, the most tender, the most bear, the most TOUS. The perfume for the **#TOUSLover**. A bottle created following the path of a jewellery piece itself. Metallic only applied on the perimeter of the bottle in an artisan way and glass faceted like a precious stone.

It has top notes of pink grapefruit, pink pepper, and pleasant notes of lychee that stand out. In the heart you will find the mythical peony, delicate jasmine petals mixed with centifolia rose. And to give it personality, base notes include cedar, cashmere, and the freshness of mousse crystal.

## TOUS **YOUR MOMENTS** EDT

**Tous Your Moments Eau de Toilette** is a positive, optimistic, and energizing fragrance. This cheerful eau de toilette opens with a dynamic fruit cocktail of tangerine, apricot, and blackberry, with a kick of sweet-spicy cardamom. Once this initial blast of freshness begins to fade, the fragrance becomes more floral, with hints of Arabian jasmine, sweet Lily-of-the-Valley, and glimmering peony. White musk and patchouli then wrap up the composition, creating a beautiful, elegant harmony.
